Thank you Shawna. We received a partial stop work order yesterday for this project. Part of what has either been put on hold or removed from our scope includes these EPA documents. If you could please hold on to them until we've verified the scope changes that would be great. Thanks again for your efforts and help on this.

Hi John,
The remaining 27 Upper Animas documents that Paula asked to review before scanning are now scanned and on a CD. It is ready to be picked up at your convenience. Please let me know when you will be able to grab it or if you have any questions. Thank you!
